Improvement Ass'n,

Vancouver, B.C.

Dear Madam:-

With reference to your letter of
June 19th relative to the Duluth affair, it
may interest you to know that twelve persons
have already been indicted and arrested on
first degree murder charges on account of
alleged participation in the lynchings. The
grand jury has not completed its investigation
and the state departments are, of course,
cooperating in every way possible.

Very truly yours,

B/VS
